10	We now have Mr. Duell and his group that are in	10	So this to me is a repeat issue. I think

21	the role of the resident agent was simply meant	21	MR. KANE: Yeah. Specifically, though,

12	between enforcement issues and the washing	12	resident agent, we don't know whether that

1	So if we're having sworn testimony, to	1	MR. KANE: Yes. So the feeling is, the
2	have that issue open up is I think the concern,	2	sense I get, unless there's further discussion,
3	number one, unless I'm missing something.	3	Martha has articulated that we should require
4	MS. SUSS: We've gone over and over this I	4	the owner to be present but allow some

6	I mean in the end, we have there's	6	So this was your recommendation,

9	They live in Germany. We've had that happen.	9	MS. O'DONNELL: I do not.
10	We've had resident agents come here and	10	MR. KANE: Okay. All right. Item number

14	So what I think, which is number 18B,	14	MS. O'DONNELL: Chairman Kane, are we done
15	policy changes, to require an owner to be	15	with number one? Are we closed off to the
16	present but allow some exceptions is the best	16	decision about a definition of resident agent?

4	18B?	4	MS. O'DONNELL: Okay.
5	MS. SUSS: Yeah. 18B, page nine, require	5	MR. KANE: So number three is require STR

They can provide a printout if they want of all the confirmations from the online site.  So it seems a good deal easier and it seems like that's the way the Post Office is	11 12 13 14 15 16 17 18	Priority Mail with delivery confirmation would probably be good enough for both of them.  MR. SALINAS: A lot of these on number seven through whatever it is, seven through 12, are kind of all related in terms of the topic of notifications.  Number ten it says provide only one mailing. I know there were several people that

11	The issue here is that that's the service	11	if you are able to do the one mailing and we
12	with which they couple the delivery notice and	12	did go to Priority, it would then be cheaper,
13	also the return receipt requested and also the	13	would it not, than two certified mailings?

16	The certified mailing is the green card,	16	MS. O'DONNELL: I think probably the same.
17	and that's a bunch of paperwork.	17	MS. SUSS: It's about the same.
18	So Priority Mail is what the Post Office	18	MS. O'DONNELL: If you add up the cost of

3	hassle.	3	want to go even further, then you've got the
4	The Priority Mail is all online. So you	4	certified mailing. But it seems to me that
5	just print out that one screen that you get	5	certified mailing is becoming more and more
6	that shows exactly what was done.	6	(inaudible).
7	The other way to do it is first class mail	7	MS. SUSS: Yeah. And how are we ever
8	with a certification that you have mailed it.	8	going to keep track of all that anyway? It's
9	Then you're simply trusting the Post Office to	9	not something that we really need to know. We
10	deliver first class mail, which in my	10	need to know that they went through the effort
11	experience is pretty reliable.	11	of mailing 200 or 300 neighbors and letting
12	So if you're looking at cutting down	12	them know that they are going to do a

14	with certificate of mailing, which is the	14	MR. McQUAY: Many of the Post Offices now
15	cheapest, absolutely the cheapest way to go.	15	are not open as long as they used to be.
16	It doesn't give you feedback that somebody has	16	People have limited time to get there.
17	received it, but it does know that you have put	17	MR. KANE: Yeah. That's true. That's an
18	it in the hands of the Post Office, which has	18	issue with certified mailing because if you get
19	been a question that we've asked here of	19	the notice and you aren't home, then you got to
20	people. How do we know you mailed it. It	20	go to the Post Office. If it's not open, it's
21	would be a simple matter for them to show one	21	not convenient for people that work.
	Page 59		Page 61
1	of those documents to show that they've mailed	1	The other thing, quite frankly, I find
2	it.	2	when people get certified mail, they say whoa,
3	So there are ways to cut down the cost.	3	what's going on here, I don't want anything to
4	MS. SUSS: I think cutting down the costs	4	do with that. So they don't go and pick it up.
5	and cutting down the paper is important, and	5	MS. SUSS: Right.
6	the effort that goes behind it.	6	MR. KANE: So it seems to me that the
7	MR. KANE: I would agree with you.	7	options that we talked about are everything
8	MS. SUSS: And keeping it simple.	8	from let's drop certified mailing, all the way
9	So first class is great, but I don't know	9	down to maybe just we Martha, your
10	if people, if y'all will go for that. First	10	suggestion. We just say first class mail with
11	class, I mean I get my, from Talbot County from	11	the notice that you've mailed it would be one
12	Mary Kay, first class my order to come be a	12	way to go. The middle way is Priority Mail
13	juror, it's first class. Nobody asks for	13	with the electronic as opposed to paperwork.
14	return receipt. They just assume I got it,	14	MS. SUSS: I think that we're being our
15	right.	15	job here in these work sessions is to try to
16	So I mean first class works, right?	16	streamline the process without making it overly
17	MR. KANE: Exactly. So I guess that's the	17	burdensome to us, to them, and to the people
18	question is are we trying to make sure that the	18	that are applying.
19	person has mailed it. And then just first	19	And if we can just have one mailing 30
20	class with certification of mailing is fine.	20	days before, approximately, the hearing and
		21	after the application has been done, it gives

2	happen in their neighborhood and gives them	2	MR. SALINAS: I don't know if maybe
3	sufficient time to schedule their life around	3	this is something that Mary can jump in on. I
4	that. And then if it's first class, that's	4	don't know for most certified mailings that
5	even cheaper. But I don't know if we can get	5	we do for (inaudible) development applications,
6	that. It's a good idea.	6	we don't check to make sure that every property
7	MR. HALL: I would be in favor of keeping	7	has been the burden is on the applicant to
8	the Priority Mail in place as some indication	8	show that.
9	of whether or not the job has actually been	9	And so there's an argument to say how much
10	done. Because you're going to get a certain	10	is enough in terms of sometimes there are
11	number of people saying nobody told me anything	11	errors in the notification requirements. But
12	about this.	12	from the legal side, is that actually enough to
13	MR. KANE: So Priority Mail is what is	13	disqualify an application from being heard at a
14	currently in the code?	14	hearing.
15	MS. VERDERY: Certified mail is in the	15	So I would rather keep it that I think
16	code currently.	16	it's going to be too much for staff to be able
17	MR. KANE: So we want to change to	17	to get to that level of detail.
18	Priority Mail; is that what you're saying,	18	MS. VERDERY: They provide the list and
19	Jack?	19	they provide the letters. We just need to make
20	MR. HALL: Yes. But once, one mailing	20	sure those two match. We're not doing the
21	Priority.	21	circumference. We're not rechecking their
	Page 63		Page 65
1	MS. SUSS: Yeah. Because I mean if you	1	list. We're checking those two lists to make
2	have 300 mailings, it's not \$3,000, it's \$750	2	sure that they match.
3	or whatever.	3	We're not doing the homework to make sure
4	MR. KANE: Okay. Then the next issue is	4	everyone in that circle is on that list. We're
5	how do we handle the issue of knowing that the	5	just making sure those two lists match up.
6	mailings have gone out and you've gotten all	6	MS. SUSS: And who gives them the list?
7	the certification back. It seems to me we've	7	MS. VERDERY: That's their responsibility
8	had some hearings where applicants have come in	8	to develop that list.
9	and it's not clear that all of the residents	9	MS. SUSS: What lists are you matching it
10	have been notified.	10	up to?
11	MS. VERDERY: I guess if you're going to	11	MS. VERDERY: What they provide.
12	require the Priority Mail, we have a list of	12	MS. SUSS: So they give you a list, and
13	adjoining property owners. And we're going to	13	then they tell you what they've done?
14	have to make sure it matches that list of	14	MS. VERDERY: Right.
15	Priority Mail, those names.	15	MS. SUSS: They have two lists.
16	MR. KANE: So in terms of Ms. Suss'	16	MR. SALINAS: Yeah.
17	comments, that would streamline things and make	17	MS. SUSS: The list that they proposed and
18	it easier for you and you can simply include	18	the list that they did.
19	that printout in the package to us to indicate	19	MS. VERDERY: Right.
20	that everything has been sent out.	20	MS. SUSS: You're checking to make sure
21	MS. SUSS: As opposed to the green cards.	21	that what they said they were going to do they

2	MS. VERDERY: Right. They're giving us	2	because time is money, get it done.
3	the list that says these 100 people are within	3	MR. KANE: Okay.
4	thousand feet of our property. And then they	4	MS. SUSS: One mailing. That's what I
5	give us these are the green cards, or now the	5	think.
6	Priority Mailing list that we sent the cards	6	MR. KANE: Okay. Let's move on to number
7	to.	7	13. Owner
8	So as long as these people that are within	8	MR. SALINAS: Actually, just more thing,
9	100 feet or 1,000 feet match up to these are	9	Mr. Chairman. Any recommendations on the
10	the Priority Mailing individuals that we sent	10	timing of that mailing?
11	to, match up.	11	MS. O'DONNELL: I guess the impression
12	MR. SALINAS: But if they don't match up,	12	that what y'all are doing now and going through
13	are we telling them that they're disqualified	13	all of the comments and processing them. And
14	from going in front of the board?	14	then I get the impression that the next thing
15	MS. VERDERY: They need to provide the	15	you will do is actually then go to make
16	proof that they sent it to John Smith, who is	16	decisions. And then we can make sure that all
17	on the list being within 1,000 feet but didn't	17	of the details are included in those
18	provide proof that they sent something to him.	18	discussions.
19	So they need to provide that proof	19	MS. SUSS: That's what we're doing right
20	MS. O'DONNELL: I think that that kind of	20	now.
21	a detail is an internal policy detail, not	21	MR. KANE: That's correct. So moving on
	Page 67		Page 69
1	something that's in the code.	1	to number 13. It looks like you're making
2	MR. KANE: What I'm hearing you say is you	2	(inaudible) correcting some language there.
3	think it would be a better process to go with	3	MS. VERDERY: The recommendation is.
4	Priority Mail because it's more of an online	4	MR. SALINAS: That's somebody's
5	system?	5	recommendation. I don't know if I quite follow
6	MS. VERDERY: I don't know if one process	6	it. So I put it in verbatim.
7	is better than the other. It's just they	7	MR. KANE: So it's unclear what they were

9	proof. Whether it's the Priority list, the	9	MS. VERDERY: The public comment.
10	green cards, whatever they're providing	10	MR. SALINAS: Correct. So there are
11	MS. O'DONNELL: Two different mailings.	11	notification requirements in 63.2F that says
12	MS. VERDERY: Right. They have to provide	12	you have to provide notices to owners of
13	something that shows that they provided the	13	properties that are next to yours, right next
14	certificate of service, the mailing.	14	to yours, owner of properties that are across
15	MR. KANE: Seems to me, Martha, that in	15	the road, or across an easement or right of way
16	terms of what you're talking about is	16	from the property. And then it says owners of
17	efficiency and a smoother process is if we go	17	all other properties with the property line
18	to requiring Priority Mail, it would be easier.	18	within 1,000 feet, including 1,000 feet within

20	things.	20	Their recommendation was to have it say
21	MS. SUSS: Yeah. Even though it's more	21	owners of all other properties with a property

3	So their suggestion would eliminate all	3	MR. KANE: Exactly.
4	other properties within 1,000 feet that are not	4	MR. HALL: I think that was just confusion
5	across the waterways. So I wasn't quite sure	5	on the part of the complainant.
6	what they were getting at there.	6	MR. KANE: I would agree. I think we can
7	And then your last one is if it's	7	move on. The testimony, when we questioned the

9	MR. HALL: Do you find any ambiguity in	9	quickly retracted that comment.
10	interpreting this section as written?	10	MS. SUSS: So we don't have to worry about

7	MS. VERDERY: We have this same language	7	have. We need to order about 20 new signs
